All the posts set are of pine with the exception of the 5th mile which is mulberry, and the 8th mile is of sassafras. It would not have practical to have secured cedar or Bo Is de Arc posts and cypress would not have been suitable as it will not last when placed in the ground. All the posts except the two mentioned above were of the best grade pine heart, and rich light wood. All posts were marked " SABINE COUNTY " on the N. side and " NEWTON COUNTY " on the S. side, each post was marked on the west side to show the number of miles from the N. W. Cor. of Newton county, " 1 MILE " to " 18 MILES " respectively. All the posts set were of from 8 inches to 10 inches in Dia.

Surveyed from the 20th day of May A. D. 1912 to the 5th day of June A. D. 1912.
