hereinafter called the Grantee, and to his successor and  
assigns, the right and authority to install, maintain and  
operate a transmitting and distribution system for television,  
radio and other audio-visual electrical signal distribution  
in, over, on and under the streets, alleys and public highways  
of the County, and to erect poles, with or without cross arms,  
and to stretch wires and cables on, across and under all

Grantee shall, at its own expense, move or relocate any of

whenever or wherever grantee's installations are found by the

Said payments shall be made quarterly; on or before the first day of the first, fourth, seventh and tenth months of each year. This tax shall be credited against any business and occupation tax or franchise tax or other County tax required to be paid by grantee. Grantee shall have the option to request renewal of this franchise for an additional period not to exceed fifteen (15) years. Should grantee desire to exercise this option, it shall so notify the County in writing, not less than three (3) months prior to expiration of this franchise.
