Tri-County Community Action, Inc. was formed in 1966 by a group of citizens concerned about the needs of people in distress within the local community. The organization has, over the years, continued to fight the debilitating effects of poverty through many innovative programs. During this time, the local communities have remained actively supportive of Tri-County. Area citizens serve on the Board of Directors and Policy Councils, as well as volunteer their time, skills, and goods to help make Tri-County a success. Tri-County works closely with other service agencies in the area to ensure coordination of referrals and services.

Currently, Tri-County administers four major programs, and maintains a staff of sixty. A thirty member Board of Directors oversees the program, each member serving a two year term. We still consider ourselves to be an agency directed by concerned citizens working for concerned communities.
