RESOLUTION

WHEREAS, The Sabine County Commissioners Court is grateful to Temple Inland for the many tons of iron ore made available to the county over the past years; and

WHEREAS, the removal of said iron ore may cause long-term damage to timber land; and

WHEREAS, Temple Inland purchases many tons of crushed rock from private vendors each year;

THEREFORE, BE IT NOW RESOLVED that the Sabine County Commissioners Court recommends that Temple Inland seriously consider one of the following options for the mutual benefit of Temple Inland and Sabine County, to Wit:

OPTION 1: Temple Inland locate a rock crusher on its land in Sabine County to crush Weches Formation rock or white rock such as is now being purchased. We would request that the product be made available to us for use on county roads.

OPTION 2: Grant permission to Sabine County to locate a crusher on Temple land and agree to purchase the crushing services from us to help pay for the operation.

FURTHERMORE, The Sabine County Commissioners Court believes either plan would be beneficial to Sabine County and to Temple Inland.

Passed by the Sabine County Commissioners Court at its regular meeting March 25, 1991.

CONTRACTOR LOCALITY LOCAL OPPORTUNITY PLAN

The County of Sabine agrees to implement the following specific affirmative action steps directed at increasing the utilization of business concerns located within its boundaries.

- A. Identify eligible business concerns for TCDP-assisted contracts through: the Chamber of Commerce, the Urban League, local advertising media including public signage; project area committees, citizen advisory boards; lists available through the local HUD program official; regional planning agencies, and all other appropriate referral sources.
- B. Maintain a list of eligible business concerns for utilization in TCDP-funded procurements, to insure that all appropriate project area business concerns are notified of pending contractual opportunities, and to make available this list for general city procurement needs.
- C. Require all bidders on contracts to submit a written Local Opportunity plan including utilization goals and the specific steps planned to accomplish these goals.
- D. Insure that contracts which are typically let on a negotiated rather than a bid basis in areas other than the project area, are also let on a negotiated basis, whenever feasible, when let in the project area.
- E. Maintain records, including copies of correspondence, memoranda, etc., which document that all of the above affirmative action steps have been taken.
- F. Appoint or recruit an executive official of the city as Equal Opportunity Officer to coordinate the implementation of this plan.

As officers and representatives of County of Sabine, we the undersigned have read and fully agree to this plan, and become a party to the full implementation of this program.

RESOLUTION

WHEREAS, the United States Environmental Protection Agency has proposed new regulations pursuant to Subtitle D of the Resource Conservation and Recovery Act (53 Fed. Reg. 33314, 8/30/88) which would establish nationwide minimum standards from municipal solid waste landfills; and

WHEREAS, those regulations, as initially published, were designed to eliminate small existing municipal landfills and encourage the creation of large regional state-of-the-art landfills; and

WHEREAS, due to comments from the State of Texas and the sparsely populated entities coalition (comprised of over 100 local governmental entities throughout rural West Texas) EPA is considering authorizing of variances from the Subtitle D regulations for areas of the state with low population density and low rainfall in which municipal landfills pose no significant threat of ground water contamination; and

WHEREAS, the State of Texas will likely be required to adopt its own regulations implementing any variance program authorized by EPA;

NOW, THEREFORE, BE IT RESOLVED BY THE COMMISSIONERS COURT OF Sabine COUNTY THAT:

1. Sabine County is committed to the maximum flexibility possible for local governments under the anticipated EPA Subtitle D variance program, consistent with environmentally safe and prudent disposal of municipal wastes.
2. Sabine County urges the Texas Department of Health to make comments to the Environmental Protection Agency, formally or informally, to encourage the maximum flexibility of waste disposal for local governments under the EPA variance program consistent with environmentally safe and prudent disposal of municipal wastes;
3. Sabine County requests the Texas Department of Health in considering the adoption of state rules to implement the EPA Subtitle D variance program in a manner which affords local governmental entities the maximum flexibility consistent with environmentally safe and prudent disposal of municipal wastes.
4. Sabine County hereby requests its state legislative delegation, consisting of Senator Haley and Representative Clemons, to assist the County in obtaining comments and rules from the State Health Department which favor authorization of maximum flexibility for local governmental entities in the EPA Subtitle D variance program consistent with environmentally safe and prudent disposal of municipal wastes.
5. The Clerk is directed to transmit copies of this Resolution to the Texas Department of Health, State Senator Haley and State Representative Clemons.
