Monday, December 9, 1996, the Sabine County Commissioners' Court met in regular session. The following members were present: County Judge Jack Leath

Keith Clark	Commissioner Pct. #1
Lynn Smith	Commissioner Pct. #2
Will Smith, Sr.	Commissioner Pct. #4
Janice McDaniel	County Clerk

Commissioner Charles Ellison was not present.

Judge Leath called the meeting to order and Bro. Howell led the Court in prayer.

Commissioner Clark moved to approve as written the minutes of Commissioner Will Smith the November 25th regular Court meeting. seconded. All voted for. Motion carried.

Agenda item #2-Receive and Open Bids for Purchase of Equipment-Pct. #4

One bid was received. It is as follows: Future Equipment:

1-used ALAMO 20' "A'-BOOM mounted on FORD 6610 tractor..\$21,500.00 1-used ALAMO 72" Rear Hydro Mower..... 5,200.00 1-used CASE 480F Loader Backhoe 1993 Model..... 24,000.00 TOTAL .....\$50,700.00

Commissione Will Smith moved to accept this bid from Future Equipment. Commissioner Clark seconded. All voted for. Motion carried. See attached exhibit.

Agenda item #4-Resolution - East Texas Regional Water Plan

Commissioner Lynn Smith moved to pass this Resolution opposing transfer of water from the Sabine-Neches basin to other parts of the state. Commissioner Clark seconded. All voted for. Motion carried. See attached exhibit.

Agenda item #5-Texas Department of Criminal Justice Financial Statement

This does not require any action by the Court. It is only a statement. See attached exhibit.

Agenda item #6-Courthouse Renovation ISTEA

Judge Leath said that this is primarily for an update. He received from Kim Williams a copy of a letter from the Texas Historical Commission. Judge Leath read portions of the letter to the Court.

This was discussion only. No action was taken.

Agenda item #1-Clark Slacum/TXDOT - Off-Road Bridge System

Clark Slacum, Texas Department of Transportation, told the Court that every two years they rate the off system bridges. With this last rating, one more bridge has rated high enough to fall within this program. The bridge is located over Boyd Creek; bridge located number is AA0220-001. This is located in Commissioner precinct #4.

VOI BB Pg 424

Also, there are recommendations for improvement of two other bridges. They are as follows: bridge over Pomponaugh Creek, AA0553-001 and the bridge over Maddox Creek, AA0180-001.

Commissioner Clark moved to submitt a letter for these three bridges to be placed in the off system bridge replacement program. Commissioner Lynn Smith seconded. All voted for. Motion carried.

Agenda item #7-Sale Surplus Property

Commissioner Lynn Smith stated that he had this put on the agenda. Since that time, different offices have found uses for the desk. No action was taken on this agenda item.

Agenda item #8-Pay Accounts and Salaries

Commissioner Lynn Smith moved to pay the accounts and salaries. Commissioner Clark seconded. All voted for. Motion carried.

Commissioner Lynn Smith told the Court that during the last two weeks, he and Don Roach, who works for him, has saved the County at least eight or ten thousand dollars on work that they have done. Part of this has been in utilizing inmates and community service. Last Friday morning, while they were working on the roof of the jail, someone stole Don's tools and tool box out of the back of his truck. He said that he is trying to solve it but it looks hopeless at this point. If he cannot solve it and get the tools back, he intends to replace Don's tools. And, he hopes the County will agree to pay for them.

Judge Leath said that a considerable amount of money has been saved and it is being done under the supervision of an expert in this process.

Court recessed at 9:25 a.m.

Court reconvened at 10:10 a.m.

Agenda item #3-Brian McCabe - Hines Nursing Home

Brian McCabe with the law firm "McCabe and Boss", Austin, Tx., met with the Court concerning the sale of the Hines Nursing Home in Pineland, Newton and Jasper, Texas. A federal chartered, not for profit, corporation is the buyer and they want to use tax exempt bonds to finance this project. These are not Sabine County bonds. They are not authorized by Sabine County nor are they payable by Sabine County. According to Texas law, the buyer has to ask consent from the Courts in which the projects are located. He is asking the Court to pass a Resolution giving consent for this sale in Sabine\_County and issuance of these bonds.

Commissioner Lynn Smith moved to approve the Resolution with the amendment as follows: in section 1; delete the words "it is in the best interest of the" and "and its inhabitants". Commissioner Clark seconded. All voted for. Motion carried. See attached copy of Resolution.

Commissioner Lynn Smith moved to adjourn. Commissioner Will Smith seconded. Meeting adjourned.

SABINE COUNTY

AA0553-001

BRIDGE NAME: CR 553 over Pomponaugh Creek

DESCRIPTION: Single Span Warren Pony Truss Bridge

#### MAJOR PROBLEMS

- 1. The controlling elements on this bridge are the timber deck and the truss bottom chord. The deck has severe decay and several members are broken. The bottom chord has moderate rusting. The roadway width is less than 16'.
- 2. There is heavy accumulations of dirt at the connections which accelerates the rusting process of the already small members.
- 3. This bridge is currently not posted.

The bridge should be posted at 5000 lb Axle or Tandem and 10000 lb Gross (Sign R12-4Tb). The size and condition of the above mentioned elements will not allow a higher posting.

### RECOMMENDATIONS

- 1. The deck should be replaced with new boards that are 3" thick.
- 2. To increase the life of this bridge, maintain clean and dirt free truss connections.
- 3. Consideration should be given to replacing the bridge with one of heavier construction.

IMPROVEMENT RECOMMENDATIONS

BRIDGE NAME: CR 220 over Boyd Creek

(

DESCRIPTION: 2 Span Timber Stringer Bridge w/ round stringers

#### MAJOR PROBLEMS

- The controlling element on this bridge is the round timber stringers. The stringers were analyzed using an 18" spacing. The stringers are 9" round and were analyzed with a 24' span. Most rectangular timber stringers are at least 12" deep, the round stringers have much less capacity than conventional shapes and are more efficient if used as piling.
- 2. No abutment foundations are present for the round stringers. With continued erosion, stability problems can occur.
- 3. The timber cap is small for the span lengths that the bridge contains. The cap is only 5 1/2" deep. The cap has moderate to severe decay.
- 4. This bridge is currently posted at 12 Tons gross.
  - The bridge should be posted at 5000 lb Axle or Tandem (Sign R12-2Tb). The size of the timber stringers and the size and condition of the timber cap will not allow a higher posting.

#### RECOMMENDATIONS

1. No recommendation is feasible. Consideration should be given to replacing the bridge with one of heavier construction.

DESCRIPTION: Single Span Steel RR Flatcar Bridge

#### MAJOR PROBLEMS

- 1. The controlling element on this bridge is the timber deck. The deck is 2" thick and the supports below are spaced at 24". The timber deck boards have moderate to severe decay and a hole has developed near midspan.
- 2. This bridge is currently posted at 3000 lb Axle or Tandem (Sign R12-2Tb).

The bridge load limit should not be raised because the size and condition of the timber deck will not allow a higher posting.

#### RECOMMENDATIONS

1. To increase the capacity of this bridge, redeck the bridge with minimum 3" thick deck planks. If the deck boards are new, the bridge will be capable of carrying the State legal load and no posting will be required.

Dear Jerry			

Based on the Texas Historical Commission response letter (see attached copy) to our preliminary document submittal, I offer the following recommendations. Also I am basing these recommendations on the County's response to the recent public meeting issues

1. Texas Historical Commission has requested clarification of a consistent restoration plan to return the image to the 1910 design. A significant design element of the restored heavy bracketed cornice that very likely included a built-in gutter system should be reconstructed at the time of the roof restoration. The original heavy cornice was altered sometime in the 1930's and the current system is not original. Since the budget will not allow the cornice work and window replacement, I suggest we eliminate the new windows at this time. The roof reconstruction should provide for the potential of a dome and internal skylight rebuilding at some time in the future. The Texas Historical Commission believes the masonry chimneys are also important items that should be strongly considered, even as just nonfunctional elements, to be reconstructed during the roof restoration. Linda Roark tentatively discussed the potential of the chimneys being bid as alternates for evaluation at bid phase.

2. The other Texas Historical Commission issues include retaining the fire escape and the fire shutters should be retained and restored. I personally believe the fire escape is a visual distraction but we can follow Texas Historical Commission recommendations.

3. As the County recalls, we explicitly reviewed the reversal of the portico infills (north and south) during the master planning work and the County stated no interest in losing the related interior space. The County may need to write a direct letter to the Texas Historical Commission on this issue and the ultimate commitment or intent to complete the dome, the window restoration and other minor components.

If the County can accept these modifications, I believe we can promptly move forward into construction documents. If any of these items are not acceptable, I encourage a meeting or possibly conference call with Linda Roark ASAP. Thank you for all parties review of these items

Sincerely,

Kim A. Williams, AIA

# Re: Proposed rehabilitation of the Sabine County Courthouse, Hemphill, Texas (CH, FHWA/106)

Dear Mr. Williams:

Thank you for the information regarding the subject project, received in our office October 22, 1996. As the State Historic Preservation Office (SHPO), Texas Historical Commission (THC) reviews federal undertakings in accordance with the National Historic Preservation Act. The Division of Architecture reviews determinations of effect for federal projects on National Register eligible or listed buildings, structures, objects, and districts.

We have the following comments and recommendations regarding the proposed scope of project work:

- 1. In order for the proposed restoration of the 1910 roof configuration to be appropriate, the entire building would need to be restored to its 1910 appearance. We recognize, however, that there is not sufficient funding to enable the entire building restoration in this phase. We therefore recommend that all work necessary to restore the Courthouse to its 1910 exterior appearance be developed as a phased master plan for the County.
- 2. We recommend that the first phase of the work, using the allocated federal funding, be restoration of the roof including (as funds allow) restoration/reconstruction of: the hipped roof form and gables, the cornice, the dome, and the chimneys (lighting protection and gutters and downspouts could be included in this work). This phase, if funding allows, or later phases of the work could then proceed with rehabilitation and restoration of the exterior walls, windows and stairs. If there are areas of brick needing emergency repointing, those areas could be included as stabilization in the first phase of work, leaving the majority of repointing to be done when central HVAC installation and electrical upgrades will allow removal of existing attachments and full rehabilitation.
- 3. If there is a problem with inadequate drainage damaging the Courthouse, then we agree it could be included as a priority item in the work phases. However, non-emergency work on other site features should be prioritized after appropriate repairs are made to the Courthouse.

NOVEMBER 20, 1996 SABINE COUNTY COURTHOUSE PAGE 2 OF 3

- 4. We concur that painted or coated pressed metal shingles were the historic roof material, and are therefore appropriate for restoration of the hipped roof.
- 5. The metal fire shutters on the first floor have existed since the 1908 configuration of the building. The fire escape on the north elevation was installed sometime between 1920 and 1930. These elements are historically and architecturally significant to the building, and should be retained and repaired.
- 6. The masonry and window infills at the third floor on the north elevation and at the second floor on the south elevation apparently date to the 1938-9 renovation of the building. The central bays at the third floor of the south elevation were originally constructed, as shown in a photograph of the 1908 courthouse, with the windows and masonry flush with the other outer walls. This area is also shown in a 1929 photograph. The central bays at the second floor of the south elevation were, however, historically open. If the roof is reconstructed to its historic 1910 appearance, the appropriate wall and opening configurations should also be restored (in a later phase of work, if necessary) to represent an accurate historical appearance of the building.
- 7. If the roof is reconstructed to its historic 1910 appearance, the existing metal windows should be replaced with historically accurate painted wood windows (in a later phase of work, if necessary) to represent an accurate historical appearance of the building. Since central HVAC work is not included in the current project scope, and the window air conditioning units must be retained, it may be preferable to include this window restoration work with or after the phased installation of the central HVAC if the window units are too large to install within a single window width.
- 8. We concur with the proposed reopening of the first floor arched openings on the south effevation. A 1929 photograph of this elevation shows the central arch to be about the width of the opening of the columns (now pilasters) above; larger than that shown on the Proposed South Elevation-Preservation Image submitted for review.
- 9. The large dentils shown at the cornice and gables in the historic photographs of the building should be included as part of the roof restoration. The design of the roof restoration should allow for future restoration of interior features, such as the skylight in the courtroom.
- 10. The reconstructed stair on the north elevation should match the historic stair shown in photographs of the 1910 building configuration. The Proposed North Elevation-Preservation Image drawing submitted differs from this historic configuration in the design of the wing wall curvature. The exact placement of these historic stairs should also be confirmed, if possible, by physical investigation of the site.

We look forward to receiving and reviewing further information on this project, including the schematic design phase referenced in your scope of work statement. We understand from this statement, that the schematic design phase was to be completed prior to the November 10 public meeting.

CERTIFICATE FOR A RESOLUTION CONSENT OF SABINE COUNTY. TEXAS TO THE FINANCING OF THE SABINE NURSING HOME BY THE BELL COUNTY HEALTH FACILITIES DEVELOPMENT CORPORATION AND THE APPROVAL OF THE BONDS FOLLOWING A PUBLIC HEARING ON THE FINANCING OF SUCH PROJECT

I, the undersigned, County Clerk and Ex-Officio Clerk of the Commissioners Court of Sabine County, Texas (the "County"), do hereby certify as follows:

1. I am the duly chosen, qualified and acting officer of the County for the office shown below my signature; as such I am familiar with the facts herein certified; I am executing and delivering this certificate for the benefit of all persons interested in the proceedings and actions of the Commissioners Court (the "Governing Body") of the County.

2. The Governing Body of the County convened in regularly scheduled session on December <u>9</u>, 1996, and the roll was called of the duly constituted members of said Governing Body to wit:

County Judge	Jack Leath
Commissioner, Precinct 1	Keith Clark
Commissioner, Precinct 2	Lynn Smith
Commissioner, Precinct 3	Charles Ellison
Commissioner, Precinct 4	Will Smith, Sr.

and all of said persons except <u>Charles Ellison</u> were present, thus constituting a quorum. Whereupon among other business, the following was transacted at said meeting: a written

CONSENT OF SABINE COUNTY, TEXAS TO THE FINANCING OF THE SABINE NURSING HOME BY THE BELL COUNTY HEALTH FACILITIES DEVELOPMENT CORPORATION AND THE APPROVAL OF THE BONDS FOLLOWING A PUBLIC HEARING ON THE FINANCING OF SUCH PROJECT

(the "Resolution") was introduced for the consideration of the Governing Body.

It was then duly moved and seconded that said Resolution be adopted and, after due discussion, said motion, carrying with it the adoption of said Resolution, prevailed and carried by the following votes:

<u>5</u> ayes <u>abstentions</u>.

3. The attached and following is a true, correct and complete copy of said Resolution; the original of said Resolution is on file in the official records of the County; and said Resolution has not been amended and is in full force and effect.

4. Written notice of the date, hour, place and subject of the meeting of the Governing Body was posted for at least seventy-two (72) hours preceding the convening of such meeting on

#### CONSENT OF SABINE COUNTY, TEXAS TO THE FINANCING OF THE SABINE NURSING HOME BY THE BELL COUNTY HEALTH FACILITIES DEVELOPMENT CORPORATION AND THE APPROVAL OF THE BONDS FOLLOWING A PUBLIC HEARING ON THE FINANCING OF SUCH PROJECT

WHEREAS, the Bell County Health Facilities Development Corporation (the "Issuer") has been organized as a public nonprofit corporation pursuant to the Texas Health Facilities Development Act, Chapter 221, Texas Health and Safety Code, as amended (the "Act"), and is empowered under the Act to issue its revenue bonds to finance health facilities as described in the Act;

WHEREAS, to provide for approximately \$4,000,000 maximum principal amount for the acquisition and renovation of a 120-bed nursing facility located at 315 West Gibson in Jasper, Jasper County, Texas (the "Jasper Facility"), approximately \$1,600,000 maximum principal amount for the acquisition and renovation of an 82-bed nursing facility located at 1000 Bilby Street in Newton, Newton County, Texas (the "Newton Facility"), and approximately \$3,600,000 maximum principal amount for the acquisition and renovation of a 90-bed nursing facility located on Highway 86 in Pineland, Sabine County, Texas (the "Pineland Facility"), pursuant to an agreement with South Plains Economic Development Corporation (the "Borrower"), the Issuer has agreed to issue not more than Nine Million Dollars (\$9,200,000) principal amount of its Bell County Health Facilities Development Corporation Revenue Bonds, in various series (South Plains Nursing Homes Projects) (the "Bonds"), and to loan the proceeds of sale of the Bonds to the Borrower in the amount, upon the terms, and for the purpose described in such agreement;

WHEREAS, pursuant to section 147(f) of the Internal Revenue Code of 1986, as amended (the "Code"), a public hearing was held following reasonable public notice on December 3, 1996, in Newton County, Texas with respect to the Bonds and the facilities being financed with the Bonds ("TEFRA Hearing"); and

WHEREAS, in order to satisfy the requirements of section 147(f) of the Code, it is necessary to approve the issuance of the Bonds to finance the Facilities; and

WHEREAS, pursuant to the provisions of 221.030 of the Act, it is appropriate that the Commissioners Court consent to acquisition and improvement of the Facility located within the jurisdiction of the County.

THEREFORE, BE IT RESOLVED BY THE COMMISSIONERS COURT OF SABINE COUNTY, TEXAS, THAT:

<u>Section 1</u>. The County hereby consent to the acquisition and improvement of the Sabine Facility and the issuance of the Bonds for such Sabine Facility by the Issuer and that this consent is given pursuant to the provisions of the Act.

<u>Section 2</u>. It is hereby officially found and determined that the financing of the Sabine Facility by the Issuer is hereby approved within the meaning of Section 147(f) of the Code.

<u>Section 3</u>. The approval and consent herein is given to accord with the provisions of section 147(f) of the Code and the provisions of the Act and for no other purpose and is not to be construed as an undertaking by Sabine County. The Bonds shall never constitute a liability, an indebtedness or obligation of Sabine County or any other county, city, or other municipal or political corporation or subdivision of the State of Texas or the State of Texas, within the meaning of any constitutional or statutory provision, and the holders of the Bonds shall never be paid in whole or in part out of any funds raised or to be raised by taxation or any other revenues of Sabine County or any other such entity. The sole reason for the adoption of this Resolution is to evidence the County's consent as set forth in §221.030 (a) (1) (B) and for no other purpose whatsoever. Nothing contained herein shall ever be construed as to create any liability or obligation on behalf of Sabine County, Texas.

Bell County Health Facilities Development Corporation First Mortgage Health Facilities Revenue Bonds, Series 1996-A, Series 1996-B and Taxable Series 1996-C (South Plains Nursing Home Project) and Bell County Health Facilities Development Corporation First Mortgage Health Facilities Revenue Bonds, Series 1996-A1 (South Plains Nursing Home Newton Project)

Dear Members of the Commissioners Court:

Pursuant to Section 221.062 of the Health Facilities Development Act, Chapter 221, Texas Health and Safety Code, as amended (the "Act"), the Act under which Bell County, Texas created the Bell County Health Facilities Development Corporation (the "Issuer"), notice is hereby given that the Issuer intends to issue its above-captioned bonds (the "Bonds") for the purpose of providing financing for part of the cost of health facilities (as such term is defined in the Act) (the "Project") for South Plains Economic Development Corporation, a Texas not-for-profit corporation (the "Borrower"). The anticipated size of the proposed bond issues are approximately \$9,200,000. Proceeds of the Bonds will be loaned to the Borrower and used to acquire certain skilled nursing facilities for the elderly in Jasper, Texas (a 120-bed nursing home currently known as Hines Health Care), Pineland, Texas (a 90 bed nursing home currently known as Hines Nursing Home) and Newton, Texas (a 92 bed nursing home currently known as Shady Acres) (collectively, the "Project"). The necessity for such Project is to assist the maintenance of public health and to provide health facilities for the promotion and development of health care, all for the public purpose of promoting the health and welfare of the citizens of the State of Texas and the Project is needed for the purpose of improving the adequacy, cost and accessibility of health care, research and education within this State.

The proposed Bonds shall be issued not earlier than the fifteenth (15th) day following the date of filing of this letter.

Sincerely, Bell County Health Facilities Development Corporation President

BE IT REMEMBERED at a meeting of the Commissioners' Court of Sabine County, Texas held on the 9th day of December, 1996, on motion made by Lynn Smith \_, Commissioner of Pct. # 2\_, and seconded by \_, Commissioner of Pct. #\_\_\_\_, the following resolution was adopted. Keith Clark

WHEREAS, the Commissioners' Court of Sabine County, Texas recognizes that water is one of our most precious and vital natural resources; and

WHEREAS, the East Texas region is fortunate to generally have sufficient water resources to sustain a growing populace and agricultural and industrial communities; and

WHEREAS, the entire East Texas region came to appreciate the uncertainty of this ready supply of water during the drought of 1996; and

WHEREAS, Texas Water Development Board has proposed to transfer water from the Sabine-Neches basin to other parts of the state, based on long-term projections that demand for water in the East Texas will decrease over the next 50 years due to slowing population growth and reductions in agriculture; and

WHEREAS, the Sabine County Commissioners' Court, in continuing to work diligently to promote growth and economic development in Sabine County, challenges the projections advanced by the Texas Water Development Board; and

WHEREAS, to allow the transfer of water from the Sabine-Neches basin to other parts of the state would impact the socioeconomic, cultural and environmental future of the East Texas region; and

WHEREAS, the Sabine County Commissioners' Court has an obligation to protect the well-being of the citizens of Sabine County by working to ensure a reliable and continuing source of water.

NOW, THEREFORE BE IT RESOLVED that the Commissioners' Court of Sabine County opposes any plan to transfer water from the Sabine-Neches basin to other parts of the State of Texas.

PASSED THIS 9th day of December, 1996.
