

Monday, February 23, 1998, the Sabine County Commissioners' Court met in regular session. The following members were present:

Jack Leath	County Judge
Keith Clark	Commissioner Pct. #1
Lynn Smith	Commissioner Pct. #2
Doyle Dickerson	Commissioner Pct. #3
Will Smith, Sr.	Commissioner Pct. #4
Janice McDaniel	County Clerk

Judge Leath called the meeting to order at 8:30 a.m. and Bro. Clarence Howell led the Court in prayer.

Receive Bids on Estray Contract was left off the agenda.

Commissioner Lynn Smith moved to waive the agenda to allow bids to be received for the Estray Contract. Commissioner Clark seconded. All voted for. Motion carried.

Only one bid was received for the Estray Contract. It is from Ronny Stewart.

Commissioner Lynn Smith moved to accept the bid for the Estray Contract from Ronny Stewart. Commissioner Will Smith seconded. All voted for. Motion carried. See attached copy of contract.

Agenda item #14-Sabine County Firefighters

Mr. D. R. Boyett, representative for the Sabine County Firefighters Association, met with the Court to discuss some concerns of the Association. The four items brought up were:

1. Concern for the apparent lack of a disaster program in Sabine County.
2. To have an EMS unit dispatched at the same time firefighters are dispatched to a structure fire.
3. Authority to cross private property to save a life or structure.
4. The temporary status of 911 is dangerous with respect to calls that come in and only the new road names are given. Until 911 is finished and all emergency responders receive maps with the new road names listed, the old names of the roads should be given also.

Commissioner Lynn Smith said that we are going to have to get used to the new road names. He said that the old name can be used as a reference along with the new name.

Judge Leath asked if there has been a problem crossing private property?

Mr. Boyett said that he knows of at least one incident.

Sheriff Philips said that the County Attorney might be able to help with this. He said that he feels that this would be covered under the "Good Samaritan Law."

Judge Leath said that he would get the County Attorney to look into it.

Judge Leath asked Mr. Boyett if they are requesting that an EMS unit be sent out on all fire department calls.

Mr. Boyett said that it would only be on structure or house fires. He said that when an EMS unit is called for after the fire department reaches the scene, it floods the Sheriff's department and his and other firefighters home with calls.

Sheriff Philips said that it would not be a problem for his department to notify the ambulance service at the same time they notify the fire department. The only thing will be if AMS complains about getting too many non pickup calls.

Judge Leath said that if that happens, we will deal with that then.

Judge Leath said that he and Nat Willey, Sabine County Emergency Coordinator, and Bob Airhart have made some tentative plans to rewrite the plan and to put that plan in the hands of the people that will implement it, including the fire departments, Sabine County Firefighters Association, EMS, law enforcement people and County officials.

See attached copy.

Agenda item #1-General Business

Commissioner Clark moved to approve the minutes as written for the February 9 regular session of Court. Commissioner Dickerson seconded. All voted for. Motion carried.

Agenda item #3-Drug and Alcohol Testing

The County is required to have drug and alcohol testing on all County CDL drivers. We first have to test them all and then randomly test through out the year.

Judge Leath said that this has been discussed before and no decision was made on whether to test all employees are just CDL drivers. He said that we can get this done through a company or can get it done through one of our local doctors. If we get it done by a company, the cost is approximately \$70.00 per person for the initial test and about this amount for the random testing. He said that before it was discussed that it would not be fair not to test all County employees, but we are only required to test CDL drivers.

The Court decided to test only the County employees and officials with CDL license and to use a local doctor.

Judge Leath said that he would get a bid from each doctor and we would go the cheapest route. This was agreed on by the Court.

Agenda item #4-All County Insurance except Health Insurance

Commissioner Clark moved to advertise for RFP's for all County insurance except health insurance. Commissioner Dickerson seconded. All voted for. Motion carried. RFP's are due by 8:30 a.m., March 23, 1998 and will be reviewed during the regular session of Court March 23, 1998. See attached copy of notice.

Agenda item #5-Intersection Hwy. 83 and Hwy. 87

Judge Leath said this item was discussed at the last Court meeting. TXDOT and the City of Hemphill are wanting to purchase one-fourth of an acre of land to put the intersection of highway 87 and 83 in front of Dairy Queen in Hemphill at more of a ninety-degree angle. TXDOT is putting up \$5,200.00 and the City of Hemphill is putting up \$2,000.00. The property owner is willing to sale, but this amount is not enough to purchase the property. This is not a County problem, but it is a dangerous situation. It has been asked of the County to ask TXDOT to condemn the property, but this is the City's place to do that.

Judge Leath said that in good faith, the County could contribute \$1,000.00. We have the money in the Right-of-way fund.

Commissioner Lynn Smith moved to pledge \$1,000.00 to the City of Hemphill and TXDOT's effort to improve the intersection of highway 87 and 83 in front of Dairy Queen in Hemphill. Commissioner Clark seconded. All voted for. Motion carried.

Agenda item #6-Consider Roads in Dogwood Forest Estate II for County Maintenance

Commissioner Lynn Smith said that Mr. Hazelit and Mr. and Mrs. Wittsitt, property owners in Dogwood Forest Estate II, are present today to present a petition requesting that the Court accept the roads inside the subdivision as public roads with County maintenance. This is a recorded subdivision and the road widths inside the subdivision vary from 36 feet to 52 feet. There are meets and bounds listed on these roads so we can tell exactly where they are. The property owners have agreed to contribute some toward improving these roads to a better condition initially when the County accepts the maintenance. Twenty-one signatures out of approximately thirty-six were collected and there was no opposition.

Commissioner Lynn Smith moved to accept the roads inside Dogwood Forest Estate II subdivision as public roads with County maintenance. Commissioner Will Smith seconded. All voted for. Motion carried. See attached copies.

Agenda item #7-Appointment for Child Protection Board Members

Judge Leath said the following people are board members: Pat Freise, Vollie Grace, James Hoyle, Edith McCauley, Fran Payne and Ruthie Malone. Margie Williams and Mr. Berry have resigned and have not been replaced. The advisory board members who cannot vote are: Danier Edwards, Don Woods and Sheriff Philips. The recommendation is that Don Woods and Sheriff Philips move up to board members and that Doreen Beall and Don Hamilton be made advisory members.

Commissioner Clark moved to appoint Don Woods and Sheriff Philips to the Child Protective Board if this does not drop someone off the board that does not to be dropped and to appoint Doreen Beall and Don Hamilton as advisory board members. Commissioner Will Smith seconded. All voted for. Motion carried.

Agenda item #8-Xerox Machine Proposal

Judge Leath said that the proposal is real good, but the contract does not spell out if all supplies are furnished except for paper.

Commissioner Dickerson moved to allow Judge Leath to accept the proposal if he is satisfied with it. Commissioner Will Smith seconded. All voted for. Motion carried.

Agenda item #9-Appointment for Historical Committee

Commissioner Will Smith said that Blanche Toole has approached him about adding Eddie Ferrell to the Historical Committee.

After discussion, Judge Leath said that he would meet with Mrs. Toole to find out exactly what is wanted.

Commissioner Will Smith moved to table this item to the next regular Court meeting. Commissioner Dickerson seconded. All voted for. Motion carried.

Agenda item #10-911 -- Road Name Change Request

The following road name change requests are to be advertised:

Bill Lowe Road to Will Lavine Road

Arledge Trail to Robert Gooch Trail

North & South Longleaf Lane to North & South Waters Edge Drive

Sumpter Street to State Street, Milam, Tx.

State Street to Crockett Street, Milam, Tx.

These proposed changes will be heard at the March 23 regular session of Court.

Agenda item #11-Tax Sale

Judge Leath said that we have received some bids on property that have already gone through the Sheriff's tax sale. We have not advertised for bids, but the Court does have the authority to accept these bids if they so choose.

The Court decided not to accept these bids and to advertise for bids for sale of this and other property at a later date.

Agenda item #12-TXDOT -- Surplus Material

Judge Leath said that he has met with David Justice and Clark Slacum and they told him that Sabine County is eligible to receive \$46,500.00 of surplus material. He said that he will request the material, but the Commissioners will have to tell him what they want and how it will be divided among the precincts. There is not a lot of the hot mix and if we request it, we probably will not get it. The only thing that you can probably count on being local is iron ore gravel. Everything else will probably be in Lufkin, Nacogdoches or maybe San Augustine. He said they show it at thirteen dollars and something per yard and they only pay \$2.00 per yard for it.

Commissioner Lynn Smith said that he does not have any use for the iron ore and he doesn't want to haul recycled asphalt, it would not be feasible.

Commissioner Dickerson moved to divide the surplus material equally between precincts 1,3 and 4. Commissioner Will Smith

seconded. All voted for. Motion carried.

Agenda item #13-TXDOT -- Bridges Economically Disadvantaged

Judge Leath said that David Justice, with TXDOT, told him that Sabine County has been designated as economically disadvantaged County, part of Senate bill 370. This allows us to pay less in matching funds for TXDOT projects. The County will be reevaluated each year, but if a project is already started under this, it will be completed.

He said that his recommendation is to submit an application for a two to three percent match on the three bridges coming up, Pace Creek, Palo Gouch and Watts Tributary. Judge Leath said that we can reactivate the bridges that we canceled without being out any more money and request them under this Senate bill.

The Court agreed for Judge Leath to make the applications.

Agenda item #15-Advertise to Sale Surplus Equipment

Commissioner Clark moved to advertise for sale of surplus equipment. Commissioner Dickerson seconded. All voted for. Motion carried. This is for a 1987 Mack Dump Truck, Pct. #4 and a 1984 Mack Dump Truck, Pct. #2. Bids are to be sealed and clearly marked as to which truck the bid is for. Bids are to be received by Janice McDaniel, County Clerk, no later than 8:30 a.m., March 23, 1998 and will be opened at the regular session of Court, March 23, 1998. The Court reserves the right to reject any or all bids.

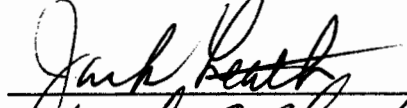

Agenda item #2-Reports

Commissioner Clark moved to approve the reports from the County Clerk, Tax Assessor/Collector, Treasurer and Charlotte Gorman, County Extension Agent. Commissioner Lynn Smith seconded. All voted for. Motion carried. See attached copies.

Agenda item #16-Pay Accounts and Salaries

Commissioner Lynn Smith moved to pay the accounts and salaries. Commissioner Clark seconded. All voted for. Motion carried.

Commissioner Will Smith moved to adjourn. Commissioner Dickerson seconded. Meeting adjourned.

PROPOSED ROAD NAME CHANGE REQUEST

The Texas Legislature has granted Texas County Commissioners Courts authority to adopt road names and structure addresses for unincorporated areas in counties where no formal addressing system has been established. The Sabine County Commissioners Court has appointed a 9-1-1 Advisory Board to propose road names for adoption to facilitate implementation of a county-wide addressing system.

As roads in a particular area of the county have been verified and named, a map will be produced indicating the proposed road names and the location of each road. The map will be available for public inspection in the office of the County Judge during regular business hours at least two (2) weeks prior to a public hearing to be held by the Commissioners Court.

After the public hearing, the 9-1-1 Advisory Board will make any necessary changes to the map and present it to the Commissioners Court for formal adoption at the next regularly scheduled meeting.

This form will allow you to make suggestions to the 9-1-1 Advisory Board regarding the proposed name of a road. Please complete this form and return it to the Office of the County Judge, Attention: 9-1-1 Advisory Board, prior to the scheduled Public Hearing regarding the subject road.

PROPOSED ROAD NAME CHANGE REQUEST

The Texas Legislature has granted Texas County Commissioners Courts authority to adopt road names and structure addresses for unincorporated areas in counties where no formal addressing system has been established. The Sabine County Commissioners Court has appointed a 9-1-1 Advisory Board to propose road names for adoption to facilitate implementation of a county-wide addressing system.

As roads in a particular area of the county have been verified and named, a map will be produced indicating the proposed road names and the location of each road. The map will be available for public inspection in the office of the County Judge during regular business hours at least two (2) weeks prior to a public hearing to be held by the Commissioners Court.

After the public hearing, the 9-1-1 Advisory Board will make any necessary changes to the map and present it to the Commissioners Court for formal adoption at the next regularly scheduled meeting.

This form will allow you to make suggestions to the 9-1-1 Advisory Board regarding the proposed name of a road. Please complete this form and return it to the Office of the County Judge, Attention: 9-1-1 Advisory Board, prior to the scheduled Public Hearing regarding the subject road.

Sabine County Firefighters Association

P.O. Box 431

Pineland, Tx. 75968-0431

The SABINE COUNTY FIREFIGHTER ASSN. wishes to express concern for the apparent lack of an emergency disaster program in Sabine County. Because of the real threat for a disaster such as tornado, hurricane, HAZMAT spill, gas or oil well explosions, train derailment, airplane crash, or major wild fire, we feel there should be a plan of coordination between County Commissioners, sheriff, EMS, hospitals, and local fire departments. There should be a designated Emergency Disaster Co-coordinator, delegation of authority, written emergency contingency plans, and periodic training sessions.

For the protection of potential victims of fires, as well as for support for our volunteer firefighters, we ask that you consider requesting the dispatch of an EMS unit at the same time as the dispatch of firefighters to a structure fire. It is our understanding the local EMS do not have the fire channel in their radios, and therefore are unaware when a fire call goes out. If we wait to request dispatch of EMS until we're on location we unduly alarm all the citizens with radio scanners, and this then clogs the telephone line to the sheriff's office needlessly.

In Hemphill, authority has been granted in writing to the fire chief authorizing him to take whatever action is necessary in order to properly fight a fire, including the authority to cross private property and, if necessary, damage fences, etc. To our knowledge such authority has not been granted by the Commissioner's Court to the volunteer fire departments in the outlying county areas. We request that you consider granting such authority to the fire chiefs.

Finally, we're concerned that the temporary status of the 911 project is potentially dangerous with respect to the new road signs now in place. We believe the citizens need to be cautioned NOT to use the new road names (if they differ from the old name) in directing the dispatcher to the location of an emergency because none of the emergency responders know the location based upon the new names of the roads.

Hon. Will Smith Sr., Precinct 4

Dear Sirs,

I want to take this opportunity to thank you for your interest in Xerox Corporation and for allowing me an opportunity to present new technology for your current needs.

One of our many goals will be to earn the opportunity to continue to serve Sabine County by fully meeting your requirements with quality products and services.

This proposal includes the following:

- A current cost analysis for existing equipment
- Cost analysis charts graphically depicting current and proposed costs
- Features of the proposed equipment

I am confident that your immediate approval will give Sabine County the maximum value for your dollar while maintaining the quality of your copier services you have also received.

If there are additional questions, please feel free to contact me at (800) 242-5633.

Sincerely,

Greg Dinan
