

Monday, October 26, 1998, the Sabine County Commissioners' Court met in regular session. The following members were present:

Jack Leath	County Judge
Keith Clark	Commissioner Pct. #1
Lynn Smith	Commissioner Pct. #2
Doyle Dickerson	Commissioner Pct. #3
Will Smith, Sr.	Commissioner Pct. #4
Janice McDaniel	County Clerk

Judge Leath called the meeting to order at 8:30 a.m. and Bro. Clarence Howell led the Court in prayer.

Agenda item #1-General Business

Commissioner Clark moved to approve the minutes as written for the October 12 regular and October 14 emergency sessions of Court. Commissioner Will Smith seconded. All voted for. Motion carried.
PUBLIC HEARING ON "STERLE ROAD"

Commissioner Will Smith said we are discussing the Herman King/Maxey road, now known as "Sterle Road". In the Commissioner Court minutes for August 13, 1973, the Court voted for the road to go to the boundary line between R. J. Maxey and Herman King property. That is where we are stuck. Commissioner Will Smith said that he sent a surveyor out to find the boundary. It is not where the gate is hung and we are waiting for the surveyor to bring us something in writing.

Judge Leath read the section of the minutes from 8-13-73 concerning the road in question. He said that according to the surveyor that Commissioner Will Smith employed, the boundary between R. J. Maxey and Herman King's property is considerably passed where the present gate is. Judge Leath said we are going to let everyone who filled out a public participation form get their chance to speak.

Philip Sterle said he has been looking into this ever since the gate was put up. He was told years ago that the road continued past Palo Gaucho. He said that he doesn't know that he can add anything more than what the minutes from 1973 states.

Mary King said Michael put the gate up at the same location where it was approximately 45 years ago. The same post and hardware is still there. The gate has been there for 45 years except a short time when Billy Barlow was leasing our pasture. It was moved for a short period of time to the pasture. That same post was the corner boundary of R. J. Maxey's pasture. She believes that was the boundary referred to in the minutes. She said that Uncle R. J. asked for County maintenance to have maintenance to his home. Her cousin Patty told her that usually the maintenance came to their driveway because there was a turn around place. Mrs. King said it is her conviction that the minutes

from 1973 are just a technicality of wording. Where the fence post is located, where the gate is now, is where R. J. was asking for the County maintenance. Mrs. King said that she and her cousin Patty Longron, R. J. Maxey's daughter, are the only property owners past the gate. Both do not want the road opened. The road has been abandoned for 25 years. Mrs. King said the house is in need of repairs and if someone went on her property and got hurt, she may be held liable. She said that they just recently had 32 loads of rock put on the road at their own expense.

Mrs. King said that when Billy Barlow was leasing the pasture land, he requested County maintenance past where the gate is located now. He was told by Chester Cox that the road on past where the gate was located was not a County road.

Judge Leath read a letter from Patricia Longron. She is against extending "County Road" past the gate.

Mr. Sterle said that he has property directly across from Ms. Longron. This is past where the gate is located. He said that Jimmy Vickers told him that he had maintained the road when he was the Commissioner of that precinct.

Mike Garrett said there is no dispute over the boundary. The surveyor, Mark Birdwell, found the boundary. The gate has been there since his earliest memories except a short period of time in 1985 when his Mother and his little sister lived there. The school requested the County to blade the road so the school bus could get down the road. Right after that, they moved into town. Mr. Garrett said he came back to the states in 1990 and has requested maintenance on the road ever since he has been in this area. He said Chester Cox, the Commissioner at that time, told him that the road was not a County road past the gate. It has been the same with Commissioner Will Smith. He said that he cannot dispute what is in writing, he can only agree with his Mother. Instead of saying the County road went up to the gate, it said to the boundary. He believes they meant to the gate in the minutes in 1973. By closing the gate, we are by no means blocking Mr. Sterle access to his property. The County road comes to the front of his property and to the gate in question.

Julie Van Winkle said that she agrees with her family, Mrs. King. The County has not maintained the road except the one time. She was riding the school bus at the one time it was bladed.

Mrs. King said she does not consider having a blade on the road one time as maintenance. Maintenance is over a period of time, on going.

King Davidson said that before the gate was put up, there was a wire gap. After the wire gap, there was a wooden gate and no later than 1960 a metal gate was put there. He said that he does not remember what year it was, but it is a sure thing with him that R. J. Maxey requested that the County not maintain the road anymore, he would do it himself. Mr. Maxey was only interested in

the road being bladed to his house and the turn around. Hickory Hill School was on the North side of the road now called "Davidson Road" that turns off highway 87.

Mr. Sterle said that he needs access to the back portion of his property in case he ever decides to sell it.

Mark Birdwell, surveyor, said the boundary line is located approximately 600 feet below where the gate is located. He presented a survey map done by Mr. Braswell in 1985. Mr. Braswell showed it as a County road.

Judge Leath said he doesn't think there is any disagreement that the County road runs to the boundary or where the boundary line is. The disagreement is what was meant by the boundary in the minutes in August 1973. He said that he cannot tell what they meant by the minutes for that meeting.

Commissioner Will Smith said that he cannot tell what was meant by the boundary. He hired a surveyor to find the boundary and is willing to go with the boundary the surveyor has stated.

Commissioner Dickerson said he does not have an opinion.

Commissioner Clark said all we have to go by is the minutes.

Commissioner Lynn Smith said that he is not familiar with that area, but no one disputes it being an old public road years ago. He said a public road is still a public road unless it has been abandoned by the Court or fenced denying public access for 20 years or more. He asked Mrs. King and her daughter what year they lived on the property.

They replied it was in late 1985.

Judge Leath said it does seem to be a dispute if it was ever a public road.

King Davidson said you would have to go back to the 1800's to find it as a public road.

Judge Leath said we need Mr. Vickers and Mr. Cox here to get first hand information to determine if the road was maintained or how long the gate was there and locked. He recommended that we table this item until we can get Mr. Vickers here in person or by deposition.

Commissioner Lynn Smith said that Mr. Vickers told him that he had maintained the road.

Commissioner Will Smith said that Mr. Vickers told him that he maintained the road up to the gate.

This item is tabled until the November 9, 1998 regular session of Court.

Agenda item #5-Accept Roads--Dogwood Forest Estates I

Commissioner Lynn Smith said that he has been asked by some residents of Dogwood Forest Estates I subdivision to accept the streets in the subdivision as public roads with County maintenance.

Mr. Garrison presented a petition to the Court to recognize the two roads within Dogwood Forest Estates I as public roads and to assume the maintenance of these roads. This would not include

the boat ramp. The subdivision has 60 lots with 47 lot owners. All lot owners were contacted either in person or by mail. The ones contacted by mail were asked to send back a response. Thirty-three people responded. Fourteen people did not respond. No negative responses were received by mail or by person. One person said that he did not know if he supported it or not. This person was sent a copy of the petition and was asked to sign the petition in favor of or against and send it back. He did not mail back a response.

Commissioner Lynn Smith said that he and Mr. Garrison looked at the roads and agreed the subdivision would pay for the gravel to initially put on the roads to bring the roads up to a better standard.

Mr. Garrison said the officers of their association agreed with this and they have the money.

Commissioner Lynn Smith moved to accept these two roads in Dogwood Estates I as public roads with County maintenance after the roads are brought up to standard. Commissioner Clark seconded. All voted for. Motion carried. See attached exhibit.

Agenda item #3-Discuss Road Permits

Commissioner Dickerson asked to table this agenda item.

Agenda item #4-Debt Service Pct. #4 (\$11,079.00)

Commissioner Will Smith asked to move this agenda item to the next regular session of Court.

Agenda item #6-East Texas Regional Water Group Funding (Take Action)

Judge Leath said the County itself has no water systems, but it is incumbent upon us to see that the residents of the County are protected and made a part of this Regional Water Planning Process. That the needs of Sabine County are met before water is shipped out of here. To do that, we have to contribute \$1,554.00. Judge Leath said that he has not received a commitment from anyone else to help with the \$1,554.00, but he will keep trying. The money is due November 1, 1998, so we need to do this expenditure now.

Upon Judge Leath's recommendation, Commissioner Lynn Smith moved to approve this expenditure, but with the stipulation that the Judge will continue to seek help from any entity that he can. Commissioner Will Smith seconded. All voted for. Motion carried. See attached exhibit.

Agenda item #2-Reports

Commissioner Clark moved to accept the reports from the Tax Assessor, County Clerk, Treasurer and the quarterly report from the Treasurer's office. Commissioner Will Smith seconded. All voted for. Motion carried.

PUBLIC HEARING

Speed Limit Shawnee Shores

No one was present to voice an opinion for or against setting a speed limit of 15 MPH on the roads in Shawnee Shores subdivision.

Commissioner Lynn Smith said the people of the subdivision have requested a speed limit of 15 MPH.

Commissioner Lynn Smith moved to set a speed limit of 15 MPH on the roads in Shawnee Shores subdivision. Commissioner Dickerson seconded. All voted for. Motion carried.

Agenda item #7-Pay Accounts and Salaries

Commissioner Clark moved to pay the accounts and salaries. Commissioner Lynn Smith seconded. All voted for. Motion carried.

Commissioner Will Smith moved to adjourn. Commissioner Dickerson seconded. Meeting adjourned.

October, 20, 1998

Sabine County Clerk
PO Drawer 580
Hemphill, Tx. 75948

Attn: Janice McDaniel
Commissioners' Court

This letter is in connection with the scheduled hearing for October 26, 1998, regarding the boundary lines of "Sterle Road". My parents, R. J. and Norma Maxey, originally owned the property now in Mr. Searle's possession. In the early 1970's, when the road was declared a "county road", the county maintained it up to Daddy's mailbox. The road that continued past a fence and gate on to my Uncle Herman King's property was never part of the county's jurisdiction. That was always a private road, mainly because no one ever lived down that road. There would have been no reason for the county to be responsible for it in any way.

I now own property connecting with the King property down that road, and do not wish for it to ever be anything other than a private road. I can think of no reason for the general public to need access to our private property.

Sincerely yours,

Patricia Longron

THE STATE OF TEXAS

COUNTY OF SABINE

On this the 13th day of August, 1973, the Honorable Commissioners' Court met in regular session with the following members present, to-wit:

Charlie Forse	County Judge
R. E. Smith	Commissioner, Precinct No. 1
G. W. Russell, Jr.	Commissioner, Precinct No. 2
Paul Lott	Commissioner, Precinct No. 3
H. E. Wilburn	Commissioner, Precinct No. 4
W. W. Cavender	Clerk of the Court

Motion by Commissioner H. E. Wilburn; seconded by Commissioner R. E. Smith, and by unanimous vote, the Court declared the road which intersects Hwy. 87 about 5 miles north of Hemphill, in the Isaac Caradine Survey and which runs in an easterly direction in the B. D. Latham and M. D. White Surveys past the location of the Old Hickory Hill School and the residence of R. J. Maxey to the boundry line between R. J. Maxey and Herman King property, to be a County Road, and has been a County Road for many years.

Upon the recommendation of Sheriff Blain Greer and a motion by Commissioner G. W. Russell, Jr., seconded by Commissioner R. E. Smith and all voting "AYE", Robert G. McDaniel was appointed Deputy Sheriff effective August 15, 1973, at a salary of \$323.00 per month, expenses of \$250.00 per month, and the usual benefits given other deputy sheriffs. It was agreed between Mayor C. C. Rice of the City of Hemphill and the Court that the salary and expenses and usual benefits would be shared equally between both the City of Hemphill and Sabine County.

W. N. Wood appeared before the Court concerning The Sam Rayburn Estates Subdivision and asked assistance on adjusting delinquent taxes on the estates. No action was taken by the Court.

The Court canvassed the election returns of an election ordered by the Court for the City of Brownson to elect a mayor and councilmen. Motion by Commissioner R. E. Smith, seconded by Commissioner G. W. Russell, Jr., the Court unanimously approved the election returns and ordered them filed in Volume 1, Record of Election Returns, Sabine County, Texas

Motion by Commissioner G. W. Russell, Jr., seconded by Commissioner H. E. Wilburn, with all voting "AYE" the Court directed the County Treasurer to designate the Federal Revenue Sharing check in the amount of \$21, 189.00 as follows:

\$1,487.92 - for pay and allowance of Deputy Sheriff Robert G. McDaniel for 4½ months.
\$2,009.50 - for pay and allowances of Deputy Pound Master T. A. Seales for 5 months.
\$17,691.58 - divided equally between General Fund and the four commissioner precincts.

All accounts were allowed and made payable.

There being no further business, the Court adjourned.

September 28, 1998

Honorable Jack Leath
Sabine County Judge
P.O. Box 716
Hemphill, TX 77948

Dear Judge Leath:

The East Texas Regional Water Planning Group (RWPA I) has requested assistance from the Deep East Texas Council of Governments, the East Texas Council of Governments, and the Southeast Texas Regional Planning Commission in arranging meetings between members of the ETRWPG and interested parties within your county. Those interested parties may include governmental entities, water entities, businesses, and others interested in regional water planning.

The State Legislature passed Senate Bill 1 as a measure to ensure the development of a state water plan to meet the needs of the State of Texas for the next 50 years. The state was subsequently divided into sixteen planning regions by the Texas Water Development Board to develop regional water plans that will eventually be melded into a state water plan. The Legislature appropriated money to fund a maximum of 75% of the estimated total cost of the regional water planning process. The legislation requires that a minimum of 25% of the total planning cost come from local entities in the form of cash contributions and in-kind services. It is left to the discretion of the Regional Water Planning Group in each region to designate the means by which the local share planning costs will be allocated and collected in the area.

The East Texas Regional Water Planning Group has determined the 20 counties in the East Texas Region I, are the entities having the greatest contact with the various water users and water agencies in the Region. Using the counties as the conduit for contributions will ensure that all interest groups within the counties are included in the planning process. Planning for future water needs of our Region is such a critical issue that the outstanding leadership and organizational abilities of the Region's County governments is essential to our efforts. I feel certain that you share the Group's

Vol EE Pg 449

conclusion that County governments must play an important role in the Senate Bill 1 planning process.

The Group is not asking the Counties to contribute all of the cash contributions needed to fulfill the local funding requirement. The Group is asking the Counties to spearhead the effort in each county to identify the users from which the funding for each county will come. The individual county's decision on an appropriate county contribution may depend on the local conditions and the predominate use of water within the county. Attachment 1 illustrates the various water users within your county according to Texas Water Development Board data. Attachment 2 illustrates what the allocation for funding based upon population and water usage by county will be across the Region.

The other attachments contain information intended to acquaint you with Senate Bill 1 regional planning process, especially the East Texas Region I Water Planning Group. Additional information is available on the Texas water Development Board's website at "www.twdb.state.tx.us".

If you have any questions regarding your county's role in the regional water planning process, please contact me at 409-384-5704, ETRWPG Chairman, Jefferson County Judge Carl R. Griffith, at 409-835-8466, or ETRWPG Finance Committee Chairman, Nick Carter, at 409-385-1400. As one of the coordinating agencies for the East Texas Regional Water Planning Group, your county's efforts in raising the local share funds is critical to the success of developing a regional water plan. The ETRWPG would like to have the basic funding information developed by November 1, 1998, so any preliminary information you could gather about sources within your county would be helpful for discussion at the time of the meeting.

I will be contacting you soon to discuss this important water planning process.

Sincerely,

Walter G. Diggles
Executive Director
Deep East Texas Council of Governments

Water usage is in annual Acre Feet. (325,851 gallons per acre foot)

To: Sabine County Commissioners Court

From: C. E. Garrison, Dogwood Forest Estates

Re: Petition to recognize the roads within Dogwood Forest Estates as public roads, and to assume the maintenance of these roads.

There are 60 lots in Dogwood Forest Estates, and 47 lot owners. All lot owners were contacted, either in person, or by mail. Of the 47 lot owners, 32 have responded, and all who have responded support the petition. No negative responses were received. This is a 68% positive response, and 32% did not respond.

If this petition is accepted and approved by the Sabine County Commissioners Court, it would include both roads within Dogwood Forest Estates, but not the boat ramp at the end of Oak Lane Drive.

Vol EE Pg 452

We, the lot owners of Dogwood Forest Estates subdivision, whose plat is on file with the office of County Clerk, Sabine County, Texas, do hereby petition the Sabine County Commissioners Court to recognize the roads in Dogwood Forest Estates subdivision as public roads, and to assume the maintenance of these roads.
