AGENDA ITEM #1-Discuss with possible action on Redistricting Plan

Eric McGee from Allison, Bass & Associates, the law firm that was hired to oversee and submit the re-districting plan, along with Mr. Lloyd and the Commissioners has been working on finding a workable solution since April, 2011. Mr. Lloyd, said that Commissioner Dickerson has to pick up 352 residents to balance out the population ratio for the Commissioner precincts. The numbers for each precinct moved into precinct 3 are as follows:

Pct. 1 -169	Pct. 2 -141	Pct. 3 -43	TOTAL	353
-------------	-------------	------------	-------	-----

Mr. Lloyd said they had to work using the Census Bureau's mapping. Their maps are set up by blocks. One block may have 5 people and cover several acres of land and another block may have 85 people and cover a small section of land. They also tried to take into consideration having to move road equipment.

Mr. Provost, one of the Committee members, asked if road mileage by precinct figured into the re-districting.

Mr. Lloyd said the concept is one person, one vote. It is strictly by population with minority population being an only outside factor.

Judge Watson said we will schedule a public hearing at a later date for public input, but the meeting today was mostly for the Committee to inspect the plan that is being considered.

Judge Watson moved to submit the current plan. Commissioner Warner seconded. All voted for. Motion carried.

Commissioner Warner moved to adjourn. Commissioner Dickerson seconded. All voted for. Meeting adjourned.
