Guidelines for Compiling and Reporting Data under Senate Bill 1074

Background

Senate Bill 1074 of the 77th Legislature established requirements in the Texas Code of Criminal Procedure (TCCP) for law enforcement agencies. The Commission developed this document to assist agencies in complying with the statutory requirements.

The guidelines are written in the form of standards using a style developed from accreditation organizations including the Commission on Accreditation for Law Enforcement Agencies (CALEA). The standards provide a description of *what* must be accomplished by an agency but allows wide latitude in determining *how* the agency will achieve compliance with each applicable standard.

Each standard is composed of two parts: the standard statement and the commentary. The *standard statement* is a declarative sentence that places a clear-cut requirement, or multiple requirements, on an agency. The commentary supports the standard statement but is not binding. The commentary can serve as a prompt, as guidance to clarify the intent of the standard, or as an example of one possible way to comply with the standard.

Standard 1

Each law enforcement agency has a detailed written directive that:

- clearly defines acts that constitute racial profiling;
- strictly prohibits peace officers employed by the agency from engaging in racial profiling;
- implements a process by which an individual may file a complaint with the agency if the individual believes a peace officer employed by the agency has engaged in racial profiling with respect to the individual filing the complaint;
- provides for public education relating to the complaint process;
- requires appropriate corrective action to be taken against a peace officer employed by the agency who, after investigation, is shown to have engaged in racial profiling in violation of the agency's written racial profiling policy; and
- requires the collection of certain types of data for subsequent reporting.

Commentary

Article 2.131 of the TCCP prohibits officers from engaging in racial profiling, and article 2.132 of the TCCP now requires a written policy that contains the elements listed in this standard. The article also specifically defines a law enforcement agency as it applies to this statute as an "agency of the state, or of a county, municipality, or other political subdivision of the state, that employs peace officers who make traffic stops in the routine performance of the officers' official duties."

The article further defines race or ethnicity as being of "a particular descent, including Caucasian, African, Hispanic, Asian, or Native American." The statute does not limit the required policies to just these ethnic groups.

This written policy is to be adopted and implemented no later than January 1, 2002.

Standard 2

Each peace officer who stops a motor vehicle for an alleged violation of a law or ordinance regulating traffic, or who stops a pedestrian for any suspected offense reports to the employing law enforcement agency information relating to the stop, to include:

- a physical description of each person detained, including gender and the person's race or ethnicity, as stated by the person, or, if the person does not state a race or ethnicity, as determined by the officer's best judgment;
- the traffic law or ordinance alleged to have been violated or the suspected offense;
- whether the officer conducted a search as a result of the stop and, if so, whether the person stopped consented to the search;
- whether any contraband was discovered in the course of the search, and the type of contraband discovered;
- whether probable cause to search existed, and the facts supporting the existence of that probable cause;
- whether the officer made an arrest as a result of the stop or the search, including a statement of the offense charged;
- the street address or approximate location of the stop; and
- whether the officer issued a warning or citation as a result of the stop, including a description of the warning or a statement of the violation charged.

Commentary

The information required by 2.133 TCCP is used to complete the agency reporting requirements found in Article 2.134. A peace officer and an agency may be exempted from this requirement under Article 2.135 TCCP Exemption for Agencies Using Video and Audio Equipment. An agency may be exempt from this reporting requirement by applying for the funds from the Department of Public Safety for video and audio equipment and the State does not supply those funds. Section 2.135 (a)(2) states, "the governing body of the county or municipality served by the law enforcement agency, in conjunction with the law enforcement agency, certifies to the Department of Public Safety, not later than the date specified by rule by the department, that the law enforcement agency needs funds or video and audio equipment for the purpose of installing video and audio equipment as described by Subsection (a) (1) (A) and the agency does not receive from the state funds for video and audio equipment sufficient, as determined by the department, for the agency to accomplish that purpose."

Standard 3

The agency compiles the information collected under 2.132 and 2.133 and analyzes the information identified in 2.133.

Commentary

Senate Bill 1074 from the 77th Session of the Texas Legislature created requirements for law enforcement agencies to gather specific information and to report it to each county or municipality served. New sections of law were added to the Code of Criminal Procedure regarding the reporting of traffic and pedestrian stops. Detained is defined as when a person stopped is not free to leave.

Article 2.134 TCCP requires the agency to compile and provide and analysis of the information collected by peace officer employed by the agency. The report is provided to the governing body of the municipality or county no later than March 1 of each year and covers the previous calendar year.

There is data collection and reporting required based on Article 2.132 CCP (tier one) and Article 2.133 CCP (tier two).

The minimum requirements for "tier one" data for traffic stops in which a citation results are:

- 1) the race or ethnicity of individual detained (race and ethnicity as defined by the bill means of "a particular descent, including Caucasian, African, Hispanic, Asian, or Native American");
- 2) whether a search was conducted, and if there was a search, whether it was a consent search or a probable cause search; and
- 3) whether there was a custody arrest.

The minimum requirements for reporting on "tier two" reports include traffic and pedestrian stops. Tier two data include:

- 1) the detained person's gender and race or ethnicity;
- 2) the type of law violation suspected, e.g., hazardous traffic, non-hazardous traffic, or other criminal investigation (the Texas Department of Public Safety publishes a categorization of traffic offenses into hazardous or non-hazardous);
- 3) whether a search was conducted, and if so whether it was based on consent or probable cause;
- 4) facts supporting probable cause;
- 5) the type, if any, of contraband that was collected;
- 6) disposition of the stop, e.g., arrest, ticket, warning, or release;
- 7) location of stop; and
- 8) statement of the charge, e.g., felony, misdemeanor, or traffic.

Tier one reports are made to the governing body of each county or municipality served by the agency an annual report of information if the agency is an agency of a county, municipality, or other political subdivision of the state. Tier one and two reports are reported to the county or municipality not later than March 1 for the previous calendar year beginning March 1, 2003. Tier two reports include a comparative analysis between the race and ethnicity of persons detained to see if a differential pattern of treatment can be discerned based on the disposition of stops including searches resulting from the stops. The reports also include information relating to each complaint filed with the agency alleging that a peace officer employed by the agency has engaged in racial profiling. An agency may be exempt from the tier two reporting requirement by applying for the funds from the Department of Public Safety for video and audio equipment and the State does not supply those funds [See 2.135 (a)(2) TCCP].

Reports should include both raw numbers and percentages for each group. Caution should be exercised in interpreting the data involving percentages because of statistical distortions caused by very small numbers in any particular category, for example, if only one American Indian is stopped and searched, that stop would not provide an accurate comparison with 200 stops among Caucasians with 100 searches. In the first case, a 100% search rate would be skewed data when compared to a 50% rate for Caucasians.

Standard 4

If a law enforcement agency has video and audio capabilities in motor vehicles regularly used for traffic stops, or audio capabilities on motorcycles regularly used to make traffic stops, the agency:

- adopts standards for reviewing and retaining audio and video documentation; and
- promptly provides a copy of the recording to a peace officer who is the subject of a complaint on written request by the officer.

Commentary

The agency should have a specific review and retention policy. Article 2.132 TCCP specifically requires that the peace officer be promptly provided with a copy of the audio or video recordings if the officer is the subject of a complaint and the officer makes a written request.

Standard 5

Agencies that do not currently have video or audio equipment must examine the feasibility of installing such equipment.

Commentary

None

Standard 6

Agencies that have video and audio recording capabilities are exempt from the reporting requirements of Article 2.134 TCCP and officers are exempt from the reporting requirements of Article 2.133 TCCP provided that:

- the equipment was in place and used during the proceeding calendar year; and
- video and audio documentation is retained for at least 90 days.

Commentary

The audio and video equipment and policy must have been in place during the previous calendar year. Audio and video documentation must be kept for at least 90 days or longer if a complaint has been filed. The documentation must be retained until the complaint is resolved. Peace officers are not exempt from the requirements under Article 2.132 TCCP.

Standard 7

Agencies have citation forms or other electronic media that comply with Section 543.202 of the Transportation Code.

Commentary

Senate Bill 1074 changed Section 543.202 of the Transportation Code requiring citations to include:

- race or ethnicity, and
- whether a search of the vehicle was conducted and whether consent for the search was obtained.

History of the of Sabine County, Texas

The county of Sabine was founded in 1835 by a dozen families that moved to the area searching for better living conditions. The name of the county was no doubt taken from the name of the river that marks the eastern boundary. El Camino real, present State Highway 21, was a determining factor in the location of the first settlers in Sabine County. Sabine County is one of the original thirteen counties of the State of Texas. According to prominent historians, reports claim sightings of Western vigilantes such as "Billy the Kid" in the Sabine County area. Other famous people include Davey Crockett, William Travis, and Sam Houston all have been known to visit and meet in Sabine County.

Today, Sabine County enjoys the benefits of offering a character of a rural community with proximity to a major metropolitan area. Houston is only 175 miles away from the Sabine County area. Further, it benefits from the frequent visit of tourists who often find Sabine county attractive for its warm hospitality and excellent cuisine. With a population of approximately 10,500 residents, Sabine National Forrest, Toledo Bend Lake, and Sam Rayburn Lake, Sabine County is an excellent choice for anyone looking for a home away from home.

Racial Profiling Policy

I. PURPOSE

The purpose of the policy is to reaffirm the Sabine County Sheriff's Office commitment to unbiased policing in all its encounters between officer and any person; to reinforce procedures that serve to ensure public confidence and mutual trust through the provision of services in a fair and equitable fashion; and to protect our officers from unwarranted accusations of misconduct when they act within the dictates of departmental policy and the law.

II. POLICY

It is the policy of this department to police in a proactive manner and, to aggressively investigate suspected violations of law. Officers shall actively enforce state and federal laws in a responsible and professional manner, without regard to race, ethnicity or national origin. Officers are strictly prohibited from engaging in racial profiling as defined in this policy. This policy shall be applicable to all persons, whether drivers, passengers or pedestrians.

Officers shall conduct themselves in a dignified and respectful manner at all times when dealing with the public. Two of the fundamental rights guaranteed by both the United States and Texas constitutions are equal protection under the law and freedom from unreasonable searches and seizures by government agents. The right of all persons to be treated equally and to be free from unreasonable searches and seizures must be respected. Racial profiling is an unacceptable patrol tactic and will not be condoned.

This policy shall not preclude officers from offering assistance, such as upon observing a substance leaking from a vehicle, a flat tire, or someone who appears to be ill, lost or confused. Nor does this policy prohibit stopping someone suspected of a crime based upon observed actions and/or information received about the person.

III. DEFINITIONS

Racial Profiling – A law enforcement-initiated action based on an individual's race, ethnicity, or national origin rather than on the individual's behavior or on information identifying the individual as having engaged in criminal activity.

Racial profiling pertains to persons who are viewed as suspects or potential suspects of criminal behavior. The term is not relevant as it pertains to witnesses, complainants or other citizen contacts.

VOL 3-C PG 773

IV. CITATION DATA COLLECTION & REPORTING

An officer is required to collect information relating to traffic stops in which a citation is issued. On the citation officers must include:

1. the violators race or ethnicity;
2. whether a search was conducted;
3. was the search consensual; and
4. arrest for this cited violation or any other violation.

By March of each year, the department shall submit a report to their governing board that includes the information gathered by the citations. The report will include:

1. a breakdown of citations by race or ethnicity;
2. number of citations that resulted in a search;
3. number of searches that were consensual; and
4. number of citations that resulted in custodial arrest for this cited violation or any other violation.

Not later than March 1st of each year, this department shall submit a report to our governing body containing this information from the preceding calendar year.

VOL 3-c PG 774

The prohibition against racial profiling does not preclude the use of race, ethnicity or national origin as factors in a detention decision. Race, ethnicity or national origin may be legitimate factors in a detention decision when used as part of an actual description of a specific suspect for whom an officer is searching. Detaining an individual and conducting an inquiry into that person's activities simply because of that individual's race, ethnicity or national origin is racial profiling. Examples of racial profiling include but are not limited to the following:

1. Citing a driver who is speeding in a stream of traffic where most other drivers are speeding because of the cited driver's race, ethnicity or national origin.
2. Detaining the driver of a vehicle based on the determination that a person of that race, ethnicity or national origin is unlikely to own or possess that specific make or model of vehicle.
3. Detaining an individual based upon the determination that a person of that race, ethnicity or national origin does not belong in a specific part of town or a specific place.

A law enforcement agency can derive at two principles from the adoption of this definition of racial profiling:

1. Police may not use racial or ethnic stereotypes as factors in selecting whom to stop and search, while police may use race in conjunction with other known factors of the suspect.
2. Law enforcement officers may not use racial or ethnic stereotypes as factors in selecting whom to stop and search. Racial profiling is not relevant as it pertains to witnesses, etc.

Race or Ethnicity – Of a particular decent, including Caucasian, African, Hispanic, Asian, or Native American.

Pedestrian Stop – An interaction between a peace officer and an individual who is being detained for the purpose of a criminal investigation in which the individual is not under arrest.

Traffic Stop – A peace officer that stops a motor vehicle for an alleged violation of a law or ordinance regulating traffic.

VOL 3-C PG 775

Informing the Public on the Process of Filing a Complaint with The Sabine County Sheriff's Office

(I) Educational Campaign:

In accordance to Senate Bill 1074, the Sabine County Sheriff's Office has made significant efforts to launch an educational campaign aimed at informing the public on issues relevant to the complaint process. Special emphasis has been placed on informing community members on filing a complaint relevant to racial profiling practices.

The command staff of the Sabine County Sheriff's Office has hosted a series of town hall meetings where community members have been informed on efforts being made by the Sheriff's Office to continue banning racial profiling practices among its officers. In addition, a series of pamphlets have been distributed to rural areas of the community in an effort to reach out to individuals who have difficulty attending public forums of discussion.

(II) Filing a Complaint Based on Violations of the Texas Law on Racial Profiling

The following information has been distributed to residents of Sabine County:

UNDERSTANDING THE PROCESS

Once an individual has filed a complaint regarding racial profiling, he/she should expect the following process to commence:

THE INTERVIEW

A deputy (rank of sergeant or higher) will interview the individual filing the complaint. The officer will ask the alleged victim questions about what happened. It is possible that the officer may be able to explain the officer(s)' actions to your satisfaction.

- Usually, the alleged victim will be interviewed at the Sheriff's Office main building. It is possible that he/she may be videotaped during the interview.
- The individual filing the complaint may bring a lawyer, family member or friend to the interview.

VOL 3-C PG 776

- The deputy will ask the individual filing a complaint for the names of witnesses and other police officers that may know facts about the complaint.
- A deputy photographer may take pictures of any injuries that the alleged victim think are related to the complaint.

THE INVESTIGATION

After the interview, the Sabine County Sheriff's Office will investigate the alleged misconduct. Investigators will talk to witnesses and visit the site of the incident.

- The investigators will consist of police officers assigned to the Professional Standards Section.
- All officers will be interviewed and witnesses whom the alleged victim has named will be contacted and interviewed, if they agree.
- The alleged victim will receive a letter regarding the progress of the investigation. Although it is impossible to estimate how long the investigation will take, the alleged victim will receive periodic reports on its status.
- A report will then be prepared.

THE REVIEW PROCESS

The Sheriff reviews every complaint after the investigation is completed and a report is written.

- If the complaint includes excessive force or charges an officer with a crime, it will also be reviewed by a Civilian Review Board (CRB). The Board includes three citizens who are not members of the Sabine County Sheriff's Office.
- The CRB will review your complaint, statements from all witnesses and reports from the investigation. The CRB may ask for additional information before making its recommendations to the Sheriff.
- The results of investigations that suggest there are no charges that the police officer used excessive force or committed a crime are also reviewed by the Sheriff.
- The Sheriff reviews investigations and makes the final decision on all complaints.

THE FINDINGS

The results of your complaint are called "findings". There are four possible findings:

VOL 3-C PG 777

- **Sustained** - The complaint has been supported: The officer(s) involved acted improperly and may be disciplined.
- **Unfounded** - The investigation found no basis to the complaint filed.
- **Exonerated** - The police officer(s) involved acted properly and will not be disciplined; or
- **Not provable** - There was not enough evidence to prove the complaint true or false so no further action will be taken.

The Sheriff will decide on a finding after the complaint has been reviewed. Further, he/she will inform the alleged victim through an official letter of the final decision.

(III) A COMMITMENT TO RESPOND TO THE NEEDS OF THE COMMUNITY

The Sabine County Sheriff's Office has made a commitment to its citizens regarding the following:

1. The office shall accept complaints from any person who believes he or she has been stopped or searched based on racial, ethnic or national origin profiling. No person shall be discouraged, intimidated or coerced from filing a complaint, nor discriminated against because he or she filed such a complaint.
2. Any employee who receives an allegation of racial profiling, including the officer who initiated the stop, shall record the person's name, address and telephone number, and forward the complaint through the appropriate channel or direct the individual(s). Any employee contacted shall provide to that person a copy of a complaint form or the office's process for filing a complaint. All employees will report any allegation of racial profiling to their superior before the end of their shift.
3. Investigation of a complaint shall be conducted in a thorough and timely manner. All complaints will be acknowledged in writing to the initiator who will receive disposition regarding said complaint within a reasonable period of time. The investigation shall be reduced to writing and any reviewer's comments or conclusions shall be filed with the chief. When applicable, findings and/or suggestions for disciplinary action, retraining, or changes in policy shall be filed with the chief.
4. If a racial profiling complaint is sustained against an officer, it will result in appropriate corrective and/or disciplinary action, up to and including termination.
5. If there is a office's video or audio recording of the events upon which a complaint of racial profiling is based, upon commencement of an investigation by

VOL 3-C PG 778

this office into the complaint and written request of the officer made the subject of the complaint, this department shall promptly provide a copy of the recording to that officer.

VOL 3-C PG 779

Training

In compliance with the Texas Racial Profiling Law, the Sabine County Sheriff's Office has asked that all its officers adhere to all Texas Commission on Law Enforcement Officer Standards and Education (TCLEOSE) training and the Law Enforcement Management Institute of Texas (LEMIT) requirements as mandated by law.

All officers from the Sabine County Sheriff's Office have been asked to complete a TCLEOSE training and education program on racial profiling not later than the second anniversary of the date the officer is licensed under Chapter 1701 of the Texas Occupations Code or the date the officer applies for an intermediate proficiency certificate, whichever date is earlier. A person who on September 1, 2001, held a TCLEOSE intermediate proficiency certificate, or who had held a peace officer license issued by TCLEOSE for at least two years, will complete a TCLEOSE training and education program on racial profiling not later than September 1, 2003.

The Sabine County Sheriff, as part of the initial training and continued education for such appointment, attended the Texas Association of Counties program on racial profiling. This fulfills the training requirement as specified in the Education Code (96.641) of the Texas Racial Profiling Training Law.

The Eighth Annual Pioneer Day will be held on Saturday, April 21, 2012. We anticipate another successful day as this event has grown and improved with each successive year. The restoration of the 1818 Gaines-Oliphant House is an on-going project of the local chapter of DRT. The next phase of the restoration is to replace the roof with fire-proof split shingles that have been approved by the Texas Historical Commission. Pioneer Day is our major fund-raising event. The long term benefits to Sabine County are that we educate others to come and learn of our rich heritage. On previous Pioneer Days we have welcomed people not only from our surrounding area but from several states and two other countries.

Our organization is composed of 58 members who share a love of Texas history and are dedicated to maintaining and perpetuating the memory of our forefathers who settled this area of East Texas.

Our roster of officers are as follows:

President.....Nina Gooch
Vice-presidents..... Billie Bass and Dixie Hargis
Secretary.....Fay Arthur
Registrar.....Beth McDaniel
Chaplain.....Sheri Hudspeth
Historian.....Sunny Dent

Last year we were able to advertise in 7 newspapers. They were the Sabine County Reporter, Jasper Newsboy, Beaumont Enterprise, Sabine Index in Many, San Augustine Tribune, Center Light and Champion, and the Timpson-Teneha News.

Radio advertising consisted of Tyler's KLTV and KYTX Community Bulletin Boards. Stations KTBS in Shreveport and KTRE in Lufkin are desirable sites for our promotions. We would like to be able to have our local KTHB do an on-site remote broadcast during the day.

We would like to purchase another banner to show the entrance to the event. Fliers, posters and brochures will need to be printed and be distributed by our members. Our tax I.D number is 237318011.

We have estimated an advertising budget of \$4000.00 and appreciate your consideration in helping us make Pioneer Day the outstanding success it deserves to be.
