*I Am Including Two mowers  
to consider:*

*The XR2 Pro RS and the XR2  
both are 52" decks.*

*The XR2 Pro RS would be the best choice  
for the acreage being mowed  
Two fuel tanks, Roll bar, seat belt and a  
stronger transaxle.*

*Both of these mowers are higher end models  
than what you have now.*

*IF you have any questions  
please call.*

*Thank you*
