

Please recognize March as Red Cross Month.

We want to thank those supporters whose generosity helps ensure that we are able to continue our service to those who need us. Thanks to them, the Red Cross is there when needed the most.

Nationally, the Red Cross responds to disasters nearly 200 times every day. The organization provides a round-the-clock link between those in the military and their families.

You can make your family safer this March by Practicing your family's fire escape plan and test your smoke alarms. More information and free tools are available at redcross.org/FireSafety.

The Red Cross is not a government agency; it relies on donations of time, money, and blood to do its work. dollar the Red Cross spends is invested in humanitarian service and programs.

Thank you to all the Red Cross supporters in Sabine County who assist their neighbors during their most difficult times and helped in some way to help the Red Cross in the Mission. Thank you for joining us.
