RE: Regional Mitigation Program - [COG] MOD Funding Notification

Dear Judge Melton:

The Texas General Land Office (GLO) allocated \$161,542,000 to DETCOG to develop a method of distribution (MOD) for the Regional Mitigation Program as part of the State of Texas CDBG Mitigation Action Plan as amended. Through the DETCOG MOD posted for public comment, **Sabine County** is included as a potential recipient of funding in the amount of **\$5,912,000**. This funding does not require a local match. This amount is subject to change as the public participation process is completed and until final MOD approval by the GLO. Due to CDBG-MIT grant requirements, the state is required to reach a certain threshold tied to benefitting low- and moderate-income (LMI) persons, therefore **\$2,069,200** of your funding must be used for projects that benefit LMI persons in your community. The MOD is currently posted for public comment until June 2, 2022, and available here at DETCOG for review.

To accept or decline the funds allocated through the MOD, please sign and return the attached form to DETCOG as soon as possible, or no later than June 8, 2022. Once the GLO approves the final MOD, the GLO will post application information at <https://recovery.texas.gov/mitigation/programs/regional-mitigation/index.html>.

Please note that declining to participate in the COG MOD may exclude **Sabine County** if there are any future allocations or reallocations of funds through the Regional Mitigation Program. It is recommended each entity officially involve their city council, county commissioners court or other governing board in the decision to accept or decline funds.

Sincerely,
