Good morning,

I followed up with the timber staff and found the two stewardships sales that you asked about when we spoke on the 13th. From what I've gathered it looks like the work on Tom Lowe Road is tied to the Otis Timber Sale and there are 4 roads tied to the Toole Sale. The contract on these sales terminates in January. It is my understanding that the purchasers have not started cutting on these sales yet and that is why the stewardship work has not been completed. To ensure the stewardship work gets completed, I will put this work into the next timber sales we put out.

I know you mentioned moving some of the work around. When we get ready to package the sales, I will have Don reach out to you and verify where you would like the stewardship work to be completed.

Please let me know if you have any additional questions concerning this.

Sincerely,

Logan Gallant
