Who We Are:

We are a Texas Non-Profit 501c3 specializing in counseling and treatment services.

Our organization was formed out of need for critical and basic services unmet in rural Texas; we make it work for our clients and contracting agencies.

Our organization specializes in marginalized rural areas, typically underserved by other providers.

We take a mobile outpatient approach, meeting our clients and contracted agencies where the needs are the greatest.

We have multiple locations and services throughout the Northeast and Southeast Texas regions.

We will continue to grow with our philosophy of service as the need persists.

Why We Are Successful:

We work harder to gain, build and maintain relationship with other providers, our contractors, clients and family members. We have a team mentality.

We hire the most experienced professionals in the field of their expertise.

We offer more than we have to offer for your convenience and service.

We go where others will not go.

We stay connected and we follow-through.
