Attachment C Scope of Work

[Include specific ALI maintenance activities to be performed to insure compliance with this Agreement, the CSEC/RPC contract, Regional Strategic Plan and individual local requirements.]

DETCOG will reimburse the county up to (\$31,500)* per year under this agreement. Not to exceed \$7,500 in reimbursement during quarters 1-3. The amount can be exceeded in quarter 4 to reach the maximum indicated above.

****This is a performance based agreement and DETCOG reserves the right to terminate the Scope of Work upon 30 days written notice of non-performance.***

The county agrees to perform the following functions by employing county staff with competencies in GIS work. (Note: this is NOT an entry level clerk position). The following tasks shall be the responsibility of county staff: 1) maintain the county's electronic GIS data and map(s) per DETCOG/CSEC requirements, including but not limited to DETCOG and/or CSEC specified file formats and database schemas, 2) maintain the ALI database including MSAG, ESNs, and TN records through the state 9-1-1 ALI provider's web application and corresponding maintenance, as needed, in the county's GIS data, 3) coordinate with USPS, originating service providers (including telcos), incorporated cities, adjoining counties, elected officials, general public, and DETCOG staff to resolve errors and issues in the GIS & ALI databases in a timely manner, and 4) other issues that may be assigned related to NG9-1-1 GIS or ALI data maintenance.

Under this agreement DETCOG is assigning primary GIS and ALI maintenance responsibilities to the county.

The county is not being reimbursed for address assignment which is a county responsibility under the County Road and Bridge Act. The county staff may perform those functions for the county or other functions for the county provided the performance requirements of this Scope of Work are met.

DETCOG will provide the necessary hardware and software (including maintenance agreements) and access to the state ALI database provider's web application. DETCOG will provide technical assistance and required training to the county's designated NG9-1-1 GIS & ALI Maintenance Coordinator.

At the request of the county, DETCOG may provide additional assistance in performance of GIS projects or creation of GIS products not specified elsewhere in this agreement if it deems, in its sole discretion, both that there are sufficient resources available to perform such work and that the work to be performed falls within its authorized activities as defined by its strategic plan.

DETCOG will monitor the deliverables (functions above) on a regular basis and will provide a copy of the monitoring report to the NG9-1-1 GIS & ALI Maintenance Coordinator. Any findings not resolved satisfactorily by the NG9-1-1 GIS & ALI Maintenance Coordinator will be reported to the County Judge for corrective action. If corrective action is not satisfactory, the issue will be reported to the DETCOG Executive Director for appropriate action.

Attachment C Scope of Work

[Include specific ALI maintenance activities to be performed to insure compliance with this Agreement, the CSEC/RPC contract, Regional Strategic Plan and individual local requirements.]

DETCOG will reimburse the county up to (\$31,500)* per year under this agreement. Not to exceed \$7,500 in reimbursement during quarters 1-3. The amount can be exceeded in quarter 4 to reach the maximum indicated above.

****This is a performance based agreement and DETCOG reserves the right to terminate the Scope of Work upon 30 days written notice of non-performance.***

The county agrees to perform the following functions by employing county staff with competencies in GIS work. (Note: this is NOT an entry level clerk position). The following tasks shall be the responsibility of county staff: 1) maintain the county's electronic GIS data and map(s) per DETCOG/CSEC requirements, including but not limited to DETCOG and/or CSEC specified file formats and database schemas, 2) maintain the ALI database including MSAG, ESNs, and TN records through the state 9-1-1 ALI provider's web application and corresponding maintenance, as needed, in the county's GIS data, 3) coordinate with USPS, originating service providers (including telcos), incorporated cities, adjoining counties, elected officials, general public, and DETCOG staff to resolve errors and issues in the GIS & ALI databases in a timely manner, and 4) other issues that may be assigned related to NG9-1-1 GIS or ALI data maintenance.

Under this agreement DETCOG is assigning primary GIS and ALI maintenance responsibilities to the county.

The county is not being reimbursed for address assignment which is a county responsibility under the County Road and Bridge Act. The county staff may perform those functions for the county or other functions for the county provided the performance requirements of this Scope of Work are met.

DETCOG will provide the necessary hardware and software (including maintenance agreements) and access to the state ALI database provider's web application. DETCOG will provide technical assistance and required training to the county's designated NG9-1-1 GIS & ALI Maintenance Coordinator.

At the request of the county, DETCOG may provide additional assistance in performance of GIS projects or creation of GIS products not specified elsewhere in this agreement if it deems, in its sole discretion, both that there are sufficient resources available to perform such work and that the work to be performed falls within its authorized activities as defined by its strategic plan.

DETCOG will monitor the deliverables (functions above) on a regular basis and will provide a copy of the monitoring report to the NG9-1-1 GIS & ALI Maintenance Coordinator. Any findings not resolved satisfactorily by the NG9-1-1 GIS & ALI Maintenance Coordinator will be reported to the County Judge for corrective action. If corrective action is not satisfactory, the issue will be reported to the DETCOG Executive Director for appropriate action.

Attachment D
ALI Maintenance Performance Measures and Monitoring

RPC personnel will conduct on-site or virtual visits at least twice per year to evaluate compliance with this Agreement.
