Re: Request for Car Seats 2024 Budget

The Sabine County Community Partners would like to request to apply for the grant program for car seat for the 2024 Budget. At present we have already filled 32 car seats for the 2023 request. We have assisted 13 through the cps office for needs and foster. In 2024 we have had 6 through foster care/Rainbow Room and 9 through the public access at Helping Hands. Under certain situations we have had to purchase some as needed as well due to child's location on removal but are Sabine County resident. We want to approach the request so the Court can budget if so, see in advance. We are reviewing the sizes we need most on pricing. Presently we have 2 toddler seats 3 boosters, 3 tall boosters and 5 infant car seats in stock. We are requesting consideration of \$ 3,600.00 to \$ 4,000.00. Thank you for the ability to apply for this need. Please let us know if additional information is needed.
