
Agency Trade-in and Officer BuyBack for Sig P320s

The maximum I am finding is \$100 for Agency Trade-In and \$120 to resell / Officer BuyBack. With Texas sales tax that would be \$129.90 and IF we had to ship it back they now add \$25, so it would be \$154.90 Total.

But we were just given \$75 for another Indian Nation and I see where the owner told another account rep. that we would sell back Officer BuyBack at the same price -- \$75.

I also know that we have heard other Glock L.E. Distributors (like GT) have been offering \$50 - \$100 as well.

Of course, you could probably find dozens of Mom & Pop small FFL dealers that would gladly take them / trade them for \$100 or less and maybe re-sell them for \$300. We don't do that kind of mark-up... that is what our Owner (and his Dad b4 he passed and myself) call "Short Sighted Business Strategy". We try to keep pricing down and more than competitive to keep customers coming back. 😊
